4-H HORSE SPORTSMANSHIP

As Lancaster County 4-H continues to enjoy a large horse program, it is imperative that each 4-H member and their parents work with 4-H staff and volunteers to acknowledge and strive to present a safe and positive environment throughout our 4-H year events.

Horse Program Objectives

- To develop life skills in youth. These include ethics, responsibility, respect, leadership, citizenship, independence, sportsmanship, and positive attitudes of self-worth.
- To provide a supportive, cooperative and safe learning environment.
- To promote knowledge of horsemanship and responsible, ethical animal care and management.

Your behavior is a reflection and promotion of your club and the Lancaster County 4-H program. Exercising high ethics, good sportsmanship and fun should be an integral part of any 4-H event. The Lancaster County Horse Program strives to promote peer accomplishment and provide a safe environment which each 4-H'er and their horse are challenged to do their personal best each year.

Ethical Behavior

Ethical behavior and sportsmanlike conduct is expected of all participants at 4-H events. This includes 4-H members, family and other spectators. Show management and participants should try to establish an atmosphere that encourages positive attitudes, ethical behavior and good sportsmanship and supports the mission and objectives of the 4-H horse program.

A Code of Conduct which includes expected behavior and supports these objectives is listed below. Exhibitors and their parent or guardian must read and sign the Code of Conduct before the exhibitor will be allowed to participate in the show or event. Announcements regarding ethical behavior, sportsmanship and the 4-H mission should be made prior to and periodically throughout the show as appropriate.

Refer to the current Nebraska 4-H rules for horse shows for specific information about rules, equipment, classes and scoring.
