Premiums: Purple \$4; Blue \$3; Red \$2; White \$0

<u>Class #</u>	<u>Class Description</u>
H800001	Entomology display, first year project —collection to consist of one box of 25 or more different kinds (species) of insects in at least six orders.
H800002	Entomology display, second year project —collection to consist of a minimum of 50 kinds (species) of insects in at least eight orders. Replace damaged or poorly mounted specimens. About 25 species should be from after July 1 of previous year. Limit 2 boxes.
H800003	Entomology display, third year or more project —collection to consist of a minimum of 75 kinds (species) of insects representing at least ten orders. Replace damaged or poorly mounted specimens. About 25 species should be from after July 1 of previous year. Limit of three boxes.
H800004	Special interest display —educational display developed according to individual interests and abilities. Examples include a collection from a specific insect group (e.g. butterflies, grasshoppers) or by subject (e.g. insect pests of corn, aquatic insects, insect mimicry, etc.), a research project, special report, poster display, insect scrapbook, artwork, etc. Poster displays should be no larger than 22" x 28". Other displays are restricted to a base area no larger than 22" x 28". Nor should height be over 24". Research projects should include a report about methods and results, as well as a brief discussion about what was learned. Artwork should include brief information about the work. Each display should be self-explanatory so that the audience can understand it without help.
