

# Engineering and Energy Workshop for Child Care Providers & After-School Staff

Get excited about teaching youth ages 5-13 about engineering and renewable energy. This workshop will focus on the engineering design process and renewable energy. You will learn three hands-on activities (Mining for Chocolate, Wired for Wind, Power of Wind) as well as concepts you can incorporate into everyday activities.

**You choose  
which session  
time to  
attend**

**Tuesday, May 16**  
**10 a.m.–12 p.m.**
