

## Presenters

**Dennis Ferraro**, Extension Educator, Douglas/Sarpy Counties. Dennis has a graduate degree in zoology from UNO. For eight years he was a technical advisor for a pest control company in Omaha.

**Barb Ogg**, Extension Educator, Lancaster County. Barb has graduate degrees from Iowa State University in entomology and pest management.

**Clyde Ogg**, Pesticide Education Specialist; Pesticide Education Program; UNL. Clyde was a supervisor for Moore Pest Control, Denver, for five years and has conducted research on urban pests at UNL. His research led to a graduate degree in entomology from UNL.

**Tim Creger** or **Buzz Vance**, Nebraska Department of Agriculture (NDA) Pesticide Program. The NDA Pesticide Program oversees the pesticide laws in the state of Nebraska which includes termiticide applications.

- Learn to identify termites and their damage
- Learn how to make good decisions about treatment
- Be a smarter consumer!

**N**  
IANR<sup>®</sup>

## 2008 Program

- **Termite biology and behavior:** where termites live and how they get into your house.
- **Prevent termite damage:** what you can do to keep them from invading your home.
- **Inspect your home:** what termites and termite damage looks like.
- **Understand treatments:** differences between bait and barrier treatment approaches.
- **Understand the termiticide label:** why it is important for homeowners to read the label.
- **Termite economics:** why treatments cost so much and what a warranty means.
- **Demonstration materials:** termite-damaged wood, application equipment, bait stations.
- **Get your questions answered:** presenters will stay as long as needed to answer specific questions
