25th Annual

earth wellness festival

earth wellness festival story . . .

In the Spring of 1994 a petition was signed by over 325 Lincoln Public School teachers emphasizing the need for a local water event.

Ten educational resource agencies collaborated and the conception of the earth wellness festival was born.

Southeast Community College in Lincoln donated the use of their campus facility for the festival.

Four hundred educators, environmentalists and government representatives step up and volunteer at the event each year.

Over 3,000 Lancaster County fifth graders attend the earth wellness festival annually. This is our 25th year for youth to attend this exciting and educational event!

Activities that are creative, hands on and educational support the mission each year.

Participants gain a better understanding of environmental issues.

As a festival volunteer, you receive:

- A rewarding experience
- A festival t-shirt
- Coffee, rolls and lunch

The earth wellness festival is celebrating 25 Years!

Please join us!

The earth wellness festival will be on
